

With Teacher Support I can.....

Create and share work digitally

- Canva
- **Bookcreator to iBooks**
- <u>Padlet</u> Planning of new topics or ideas where all children can share there views on the topic or idea
- iMovie podcasting,: sharing to community, assemblies, whole world.

Understand the role digital devices play in our everyday lives

- <u>What's inside my computer?</u>
- User Interface
- <u>Apps and Storage</u>
- <u>Propose an App</u>

Explain how digital devices impact on humans and how this changes over time.

Choose the right digital tool to: create, manipulate, store, retrieve and share content

- Technology in our life ...
- <u>Understanding technology</u>
- Sensible Screen use
- Make a timeline

https://www.commonsense.org/education/digitalcitizenship This website has full plans, videos and activities to run a digital citizenship programme.

> **RESOURCES CURRENTLY UNAVAILABLE:** Select from a range of applications to develop a digital outcome.

kahuiako@orewacollege.nz

- all Google apps docs, sheets, slides etc
- Set up <u>Google Drive</u> Really good to show children so they are able to find the work that they have created.
