

Salute

This is a game for two or three players to practice basic facts (+, -, x, ÷)

Need a pack of cards—remove the picture cards

Rules of the game

1. Place all cards in a pile face down between players
2. Player 1—places a card on their forehead without looking at the card.
3. Player 2—picks up a card and looks at it. They add the two cards together and tells Player 1 the total. They then show their card to Player 1.
4. Player 1 now has to work out what the card is on top of their head.
5. If Player 1 gets it correct they get to keep both cards.
6. Continue the game—playing alternate cards on top of the head.

Variations

- Multiply both cards together (Multiplication and Division)
- Say the difference between the cards (Subtraction)
